INDAG Rubber Ltd. was founded in 1978 by Khemka group. We went public and got listed on the Bombay Stock exchange in 1984. INDAG revolutionized the Indian retreading industry with the introduction of its cold retreading technology and came to be known as the pioneer of retreading in India. In the last four decades, we have travelled far, growing into a vast family of retread partners serving fleet owners in every nook and corner of the country and across the globe.

THE ONLY ALTERNATIVE TO NEW TYRES

INDAG was founded with the primary objective of offering best-in class retreading solutions to fleet owners. Our dedicated focus is on assisting large mega fleet owners & Small fleet owners in reducing expenses on new tire purchases, while also providing lower tyre CPKM (Cost-per-Km) and contributing to the reduction of carbon footprints, thereby promoting sustainability and circular economy.

Within our product portfolio, we boast an extensive selection of tyre tread design patterns tailored for all types of vehicles and road applications. We take pride in our professional approach to address the diverse needs of fleet owners, ensuring optimal performance and cost-efficiency throughout their operations.
