

INTECH

THE DESIRE TO PERFORM

Under the visionary guidance of Dhiren Sanghadia and Viren Sanghadia, INTECH Group has become a global self-led technology conglomerate that has been passionately making a difference to businesses since 2003. Starting off with a single Offshore Delivery Centre (ODC), INTECH has gone on to become the partner of choice for many of the world's leading enterprises by rigorously following its core values viz. integrity, authenticity, equality, causality, quality first, agility, and people-centricity.

"Today we are a family of 650+ global skilled enthusiasts marching to cross 750 by end of 2023. Today INTECH is successfully operating from 4 countries and 6 of its global locations including in USA, UAE, India and Hong Kong. Company in near future has firm plans of expanding its operations and direct presence in South Africa and South America as part of their strategic plans. We have increased our training and leadership program budget by 15% and shall continue with same

rate up to 2026." said INTECH CEO, Viren S.

INTECH has created a Centre of Excellence (CoE), as extended arm of their New Technology Initiative, which helps in generating novel ideas and innovating new ways of doing things with the help of technology. CoE at INTECH works horizontally across various projects and takes new initiatives to provide technical know-how, processes and practices to improve business performance. They not only deliver quality products and services but also ensure fulfilling relationship with their customers as a growth partner. INTECH has been investing in research based development of IoT platform called 'INNEXIA', to address the energy saving and cost effectiveness issues being faced globally.

INTECH has laid strong foundation for its technology services division to help businesses reach their fullest potential. We provide a range of services that are tailored to each

customer's business critical needs around digital transformation, enterprise application development, Data science, ERP implementation and managed services. INTECH is a full service software development company offering business specific engagements to its global customers from setting up ODC to take up end to end project execution. With over 20 years of commitment and continual growth is what sets it apart from the competition. Undoubtedly, INTECH is projected to become one of the leading technology conglomerates across the world.

"To ensure INTECH remains at the cutting edge of technology and operations, INTECH launched its 5-year Future game, aptly named 'ANANT' (Infinite). Anant will push INTECH into the future with unbeatable engineering capabilities, total agility, and business clout. With this, we have created a future to become ₹ 550 Cr. Group by 2026 and be directly present in all the continents globally" informed INTECH's MD, Dhiren S.
