**Kiran Gadela**

Co-Founder and MD

Sadguru Healthcare Services Pvt Ltd through its brand Oasis Fertility offers comprehensive healthcare services in the area of infertility treatment. Oasis has emerged as a 'one-stop' 'single-day' infertility treatment centre, where consultation, investigation and treatment are taken care of during a single day. Oasis leverages the latest technologies along with evidence-based international practices to offer optimal solutions for every patient. Besides, the automated witnessing system has enabled Oasis to ensure zero errors in the examination of all samples and reports. Oasis has an expert team of over 100 medical professionals with essential qualifications, experience, and thorough understanding of reproductive medicine.
